Online National Level FDP in Economics

Program: Online National Faculty Development Program on Outcome Based Teaching-Learning and Evaluation Methods in Economics: Bloom's Taxonomy Framework	To All the Economics UG and PG Level Teachers in India
Date: 7 & 8 July 2020	Resource Person: Dr. M. Leelamohan Rao

Introduction:

The Department of Economics, TRR Govt Degree College, Kandukur had organised a national webinar on Online National Faculty Development Program on "Outcome Based Teaching-Learning and Evaluation Methods in Economics: Bloom's Taxonomy Framework" on 7th & 8th July 2020.

Objectives:

To train the economics faculty at UG and PG level for the subject specific methodologies in teaching-learning and Evaluations

About the Resource Person:

Dr. A. Leela Mohan Rao, Retired Lecturer in Economics, GDC(W), Guntur and former Registrar in Vignan University, Guntur was the resource person.

About the Program:

This program was intended for Teachers of Economics at UG and PG levels at national level. Around 90 teachers have participated in the FDP. The concept note and brochure is given below. Various teaching methods and techniques in Economics in the Blooms Taxonomy Framework were discussed.

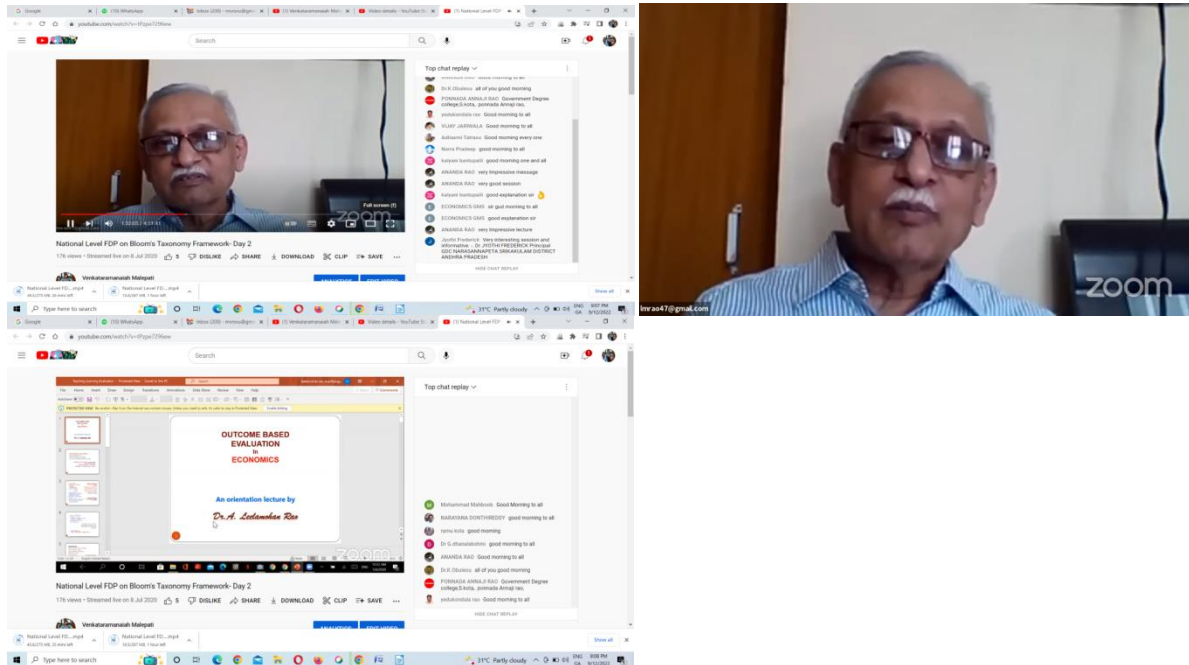

Outcome:

Economics teachers have learned how to use Blooms Taxonomy Approach in Teaching and Evaluation of Economics. Student centric, participative, experiential learning techniques etc were discussed with examples in Economics. This FDP helps the teachers to improve their quality of teaching and evaluation in economics subject.
